ABOUT THE COLLEGE

Success is assured by the right choice of an educational institution. The spirit of the institution has the power to influence the personality of the learner. A sound institution alone can give a sound knowledge to the students. That is why very few institutions alone can stand the test of time. Ganesar College of Arts & Science, Melasivapuri, has been a radiant star shining in the firmament of education since 1909. It has a balanced blend of Tradition and Modernity. It has been inspiring students with its quality education. Students have been chiseled to become intelligent citizens who strongly imbibe the spirit of morality. It has been growing like a royal banyan passing its Centenary Year. The University Grants Commission UGC had notified Regulations for recognition of our college under Section 2(f) &12(B) of the UGC Act, 1956.

ABOUT THE DEPARTMENT

Our department has been a temple of wisdom, where scholars undertake intellectual pilgrimage to glorify the Classical Tamil. Realizing the fact that Tamil and Saivam are inseparable twins, our department has been rendering services, which are historically, socially and intellectually significant. If we have a glance at the history of our old students who got enlightened in this renowned institution, we can realize the praiseworthy standard of our College. ABOUT THE COLLEGE

Success is assured by the right choice of an educational institution. The spirit of the institution has the power to influence the personality of the learner. A sound institution alone can give a sound knowledge to the students. That is why very few institutions alone can stand the test of time. Ganesar College of Arts & Science, Melasivapuri, has been a radiant star shining in the firmament of education since 1909. It has a balanced blend of Tradition and Modernity. It has been inspiring students with its quality education. Students have been chiseled to become intelligent citizens who strongly imbibe the spirit of morality. ABOUT THE DEPARTMENT

Mathematician seeks out patterns and use them formulate new conjectures. Mathematician resolves the truth or falsity of conjectures by mathematical proof. Under graduate programme B.Sc maths was started in the year 1994 and post graduate programme M.Sc maths was started in the year 2005. In offers the main core paper such as operation research, analysis, calculus, modelling, topology, automata, fuzzy and also offer papers to skill development, economics of transportation and application courses for the other department.

(Nationally Accredited with "B" Grade by NAAC)
Affiliated to Bharathidasan University
Melasivapuri – 622 403, Ponnamaravathi, Tamil Nadu, India

ABOUT THE COLLEGE

Success is assured by the right choice of an educational institution. The spirit of the institution has the power to influence the personality of the learner. A sound institution alone can give a sound knowledge to the students. That is why very few institutions alone can stand the test of time. Ganesar College of Arts & Science, Melasivapuri, has been a radiant star shining in the firmament of education since 1909. It has a balanced blend of Tradition and Modernity. It has been inspiring students with its quality education. Students have been chiseled to become intelligent citizens who strongly imbibe the spirit of morality. It has been growing like a royal banyan passing its Centenary Year. The University Grants Commission UGC had notified Regulations for recognition of our college under Section 2(f) &12(B) of the UGC Act, 1956.

ABOUT THE DEPARTMENT

Mathematician seeks out patterns and use them formulate new conjectures. Mathematician resolves the truth or falsity of conjectures by mathematical proof. Under graduate programme B.Sc maths was started in the year 1994 and post graduate programme M.Sc maths was started in the year 2005. In offers the main core paper such as operation research, analysis, calculus, modelling, topology, automata, fuzzy and also offer papers to skill development, economics of transportation and application courses for the other department.

COURSE OBJECTIVES

BIO MATHEMATICS

Course Code : VAC-MM003

Objectives:

- Biomathematics is the use of mathematical models to help **understand phenomena in biology**.
- Simple enough that their structure and function can be studied in isolation.
- To learn Spatial Models
- To learn Insect Outbreak Model

Unit 1

Mathematical Biology and the modeling process: an overview. Continuous models: Malthus model, logistic growth, Allee effect, Gompertz growth, Michaelis-Menten Kinetics, Holling type growth, Bacterial growth in a Chemostat, Harvesting a single natural population, Prey predator systems and Lotka Volterra equations, Populations in competitions, Epidemic Models (SI, SIR, SIRS, SIC)

Unit 2

Activator-Inhibitor system, Insect Outbreak Model: Spruce Budworm, Numerical solution of the models and its graphical representation. Qualitative analysis of continuous models: Steady state solutions, stability and linearization, multiple species communities and Routh-Hurwitz Criteria, Phase plane methods and qualitative solutions, bifurcations and limit cycles with examples in the context of biological scenario.

Unit 3

Spatial Models: One species model with diffusion, Two species model with diffusion. Conditions for diffusive instability, Spreading colonies of

microorganisms, Blood flow in circulatory system, Travelling wave solutions, Spread of genes in a population.

Unit 4

Discrete Models: Overview of difference equations, steady state solution and linear stability analysis. Introduction to Discrete Models, Linear Models, Growth models, Decay models, Drug Delivery Problem, Discrete Prey-Predator models, Density dependent growth models with harvesting, Host-Parasitoid systems (Nicholson-Bailey model),

Unit 5

Numerical solution of the models and its graphical representation. Case Studies: Optimal Exploitation models, Models in Genetics, Stage Structure Models, Age Structure Models.

ABOUT THE COLLEGE

Success is assured by the right choice of an educational institution. The spirit of the institution has the power to influence the personality of the learner. A sound institution alone can give a sound knowledge to the students. That is why very few institutions alone can stand the test of time. Ganesar College of Arts & Science, Melasivapuri, has been a radiant star shining in the firmament of education since 1909. It has a balanced blend of Tradition and Modernity. It has been inspiring students with its quality education. Students have been chiseled to become intelligent citizens who strongly imbibe the spirit of morality. It has been growing like a royal banyan passing its Centenary Year. The University Grants Commission UGC had notified Regulations for recognition of our college under Section 2(f) & 12(B) of the UGC Act, 1956.

ABOUT THE DEPARTMENT

Mathematician seeks out patterns and use them formulate new conjectures. Mathematician resolves the truth or falsity of conjectures by mathematical proof. Under graduate programme B.Sc maths was started in the year 1994 and post graduate programme M.Sc maths was started in the year 2005. In offers the main core paper such as operation research, analysis, calculus, modelling, topology, automata, fuzzy and also offer papers to skill development, economics of transportation and application courses for the other department.

COURSE OBJECTIVES

1. The derivatives of Blacks hole formula and its applications
2. The limitations of Arbitrage pricing, the portfolio selection problem.
