ACADEMIC YEAR 2022-2023

ECOSYSTEM FOR INNOVATIONS

GANESAR COLLEGE OF ARTS AND SCIENCE

Accredited with "B" Grade by NAAC

Melasivapuri - 622403, Pudukkottai district, Tamilnadu - India

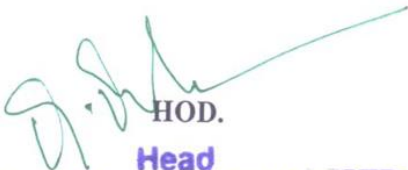

Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

DATE : 28-07-2022

Students are involved in processes of planning and creating our college bank, tree planting system. Each year our students participate in 'National Tree Day',

planting Indigenous plants along our college bank. Starting in students have yearly been planting one indigenous seedling each along our beautiful oval bank. This year we have finally finished planting along our oval bank, making it look complete and very well presented .The engaging in tree planting activities, students develop a deeper understanding of environmental stewardship, cultivating a lifelong commitment to preserving and protecting nature. Students can learn about the life cycle of trees, the importance of biodiversity, and the interdependence of ecosystems. By engaging in tree planting activities, students develop a deeper understanding of environmental stewardship, cultivating a lifelong commitment to preserving and protecting nature .An intensive campaign for the tree plantation is found all over the country. This is because of the recognition of the importance of trees in day-to-day life. As a matter of fact, the trees serve a number of important purposes. First, it serves to free the atmosphere from the grave danger of pollution. Second, it also prevents soil erosion and thereby indirectly stops flood. Tree plantation is very necessary because trees provide oxygen to the environment and make the air quality better. If more trees are planted, then the world's environment will become a safer place to live in. Tree plantation also reduces pollution, thus making the life of future generations secure.

Institution has created an ecosystem for innovations and has initiatives for creation and transfer of knowledge

The institution constantly strives to inculcate creative thinking habits in students and staff to meet current global demands and expectations.

The college has created an innovation ecosystem wherein both teacher and student innovators are encouraged to come up with ideas which has potential to develop commercially viable products. Several methods are adopted to achieve this which includes Industrial visit, Institute interactions, Research development activities, entrepreneurship development activities and encouraging intellectual property generation.

The main objective of Research and development committee is to promote research culture among students and staff. The committee charted a well-defined research policy and has carried out several activities. Faculties are encouraged to enhance their knowledge through research fellowships and training programs. The institution has encouraged staff to attend and present their paper in national and international seminars, workshops and conference.

To bridge gap between academic, research industry and commercial sectors and several activities have been carried out through industry institute interactions. Experts from various sectors invited to the college to deliver seminars and lectures.

The idea to innovate club gathers ideas from students and guides in transforming the innovative ideas into products in the innovative center.

Innovative center provides free space, infrastructure, telephone, internet access, language lab, e-library source, career guidance cell and research cell, guidance and counseling cell.

The Students interact to the parents are directly instructions to the apply for PAN card application

- (a) An applicant will fill Form 49A online and submit the form.
- (b) If there are any errors, rectify them and re-submit the form.
- (c) A confirmation screen with all the data filled by the applicant will be displayed.
- (d) The applicant may either edit or confirm the same.
- (e) On confirmation, an acknowledgement will be displayed. The acknowledgement will contain a unique 15-digit acknowledgement number.
- (f) **The applicant is requested to save and print this acknowledgement.**
- (g) 'Individual' applicants should affix two recent color photographs with white background (size 3.5 cm x 2.5 cm) in the space provided in the acknowledgement. The photographs should not be stapled or clipped to the acknowledgement. The clarity of image on PAN card will depend on the quality and clarity of photograph affixed on the acknowledgement.
- (h) Signature / Left Thumb Impression should only be within the box provided in the acknowledgement. The signature should not be on the photograph affixed on right side of the form. In case of non-individual PAN applicants, the acknowledgement receipt shall be signed by the authorized signatory (Karta in case of HUF, Director in case of Company, Partner in case of Partnership Firm / LLP, Trustee in case of Trust and Authorized signatory in remaining categories).

The signature should not be on photograph. If there is any mark on photograph such that it hinders the clear visibility of the face of the applicant, the application will not be accepted.

Signature / Left hand thumb impression should be provided across the photo affixed on the left side of the form in such a manner that portion of signature/impression is on photo as well as on acknowledgement.
- (i) Thumb impression, if used, should be attested by a Magistrate or a Notary Public or a Gazette Officer under official seal and stamp.
- (j) **AADHAAR**

In case Aadhaar number of Individual applicant is entered in the application form, then proof of Aadhaar along with supporting documents is to be submitted to NSDL e-Gov.

If copy of Aadhaar is selected as Proof of Identity/Address/date of birth, then it is mandatory to enter Aadhaar number.

In case applicant is 'MINOR', Aadhaar of minor should be mentioned in the application form. (i.e. Do not mention Representative Assessee's Aadhaar number)

Aadhaar number (if provided) would be authenticated using applicant's details as mentioned in application form.

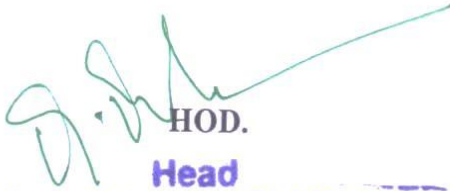

(k) If communication Address is within India

(a). The fee for processing PAN application is **110.00**[(Application fee 93.00 + 18.00 Goods&ServicesTax)].

(b). Payment can be made either by

- Demand Draft
- Credit Card / Debit Card
- Net Banking

(c). If any of addresses i.e. office address or residential address is a foreign address, the payment can be made only by way of **Credit Card / Debit card and Demand Draft payable at Mumbai.**

CREATIVE AWARENESS ON PAPER BAG MAKING

REPORT

Date :17.08.2022

Classes Attended : UG &PG

Number of Beneficiaries : 100

Objectives:

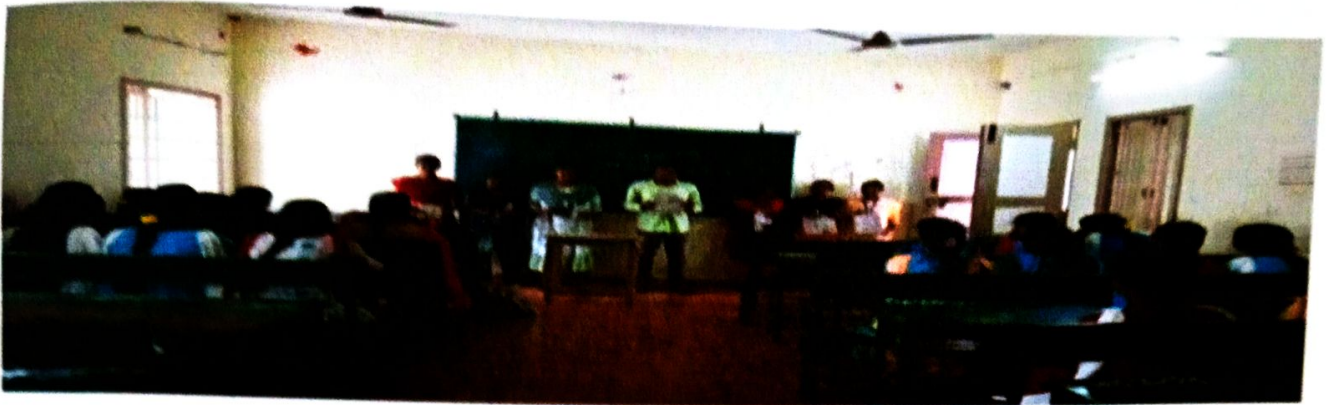

- To Reduce the use of plastic and start using paper bags to save the environment.

Goal:

To achieve plastic free & healthy campus.

Brief writing upon the program:

On the behalf of Department of English, Ganesar College of Arts and Science had organized creative paper bag making on 23th December 2021. The program was initiated with an Inaguration ceremony . The Principal of Ganesar College of Arts and Science Dr.M.Selvaraju presided. The students have taught how to make paper bags. The students took some time to make paper bags each and every student made around 5 to 10 paper bags. More than 100 students participated in the event. Total 100 students have participated in paper bag making and total 1000 paper bags have been made.

ECOSYSTEM FOR INNOVATION

Our curriculum is designed around an innovative ecosystem, One example of this is focused on teaching students in basic illustration techniques. The students to demonstrate their design knowledge by creating effective illustrations on walls.

INITIATIVES FOR CREATION AND TRANSFER FOR KNOWLEDGE

The transfer of knowledge is evident in the demonstration of students' learning and understanding of specific subjects. For instance, in the field of weaving, students attend theoretical classes to comprehend definitions and learn about different types of weaving techniques. They also engage in practical and laboratory exercises to create basic drafts and peg plans. Furthermore, students embark on field trips to acquire supplementary knowledge. Eventually, students complete assignments where they design their own drafts and peg plans.

WATER POLLUTION

Water pollution occurs harmful substances- often chemical or microorganisms- contaminate a stream, river, lake, ocean, aquifer, or other body of water degrading water quality and rendering it toxic to humans or the Environment.

- ❖ Water pollution
- ❖ Source water pollution
- ❖ Effects of water pollution
- ❖ Pollution management and control

As water is an important element of human health, polluted water directly affects the human body. Water pollution causes various diseases like typhoid, cholera, hepatitis, cancer, etc.

Water pollution damages the plants and aquatic animals present in the river by reducing the oxygen content from the water.

IMPORTANT OF PLANTING TREES

Trees contribute to their environment over long periods of time by providing oxygen, improving air quality, climate amelioration, conserving water, preserving soil, and supporting wildlife. During the process of photosynthesis, trees take in carbon dioxide and produce the oxygen we breathe.

- ❖ The Environment
- ❖ Wildlife
- ❖ Our health
- ❖ Our communities
- ❖ Planting trees for our future

Trees act as natural filters, absorbing harmful gases and releasing oxygen. By planting trees in college, we create cleaner and healthier air for students and staff, reducing respiratory problems and creating a more conducive learning environment.

We taught life skills through tree planting and gardening. Students learned responsibility by caring for the plants, learned how to communicate and compromise with others, gained leadership skills and developed self-confidence.
